

Des Moines Pigeon Pellet 25% 50lb

Description:

Des Moines Feed Pigeon Pellets (25 percent) is a premium nutritious supplement diet in a small (1/8" die) pellet. Mix up to 75 percent with pigeon grain blends. It contains prebiotics, probiotics (not antibiotic drugs) and Lactobacillus. The pellets are flavor enhanced with real natural anise oil.

Feeding Directions:

Mix with grains prior to feeding pigeons. Des Moines Feed Pigeon Pellets are formulated exclusively for pigeons and are not a least cost formulation chicken feed.
