

Purina® Duck Feed Pellets

Ducks have unique nutritional needs. Purina® Duck feed is specialized with complete and balanced nutrition to meet those needs. The perfect solution whether you choose to raise ducks for eggs, meat or as pets.

All ducks For ducks from hatch through their entire life.

19% Protein

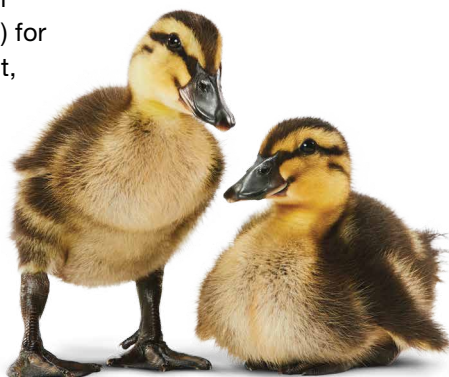

For proper duck growth and energy demands. Helps ducks through molt by supporting feather regrowth.

Complete formula

Balanced with all the specific nutrients ducklings need to grow and adult ducks need to maintain proper health.

Niacin

Meets ducklings' higher niacin requirements (at least 60 ppm) for bone growth and development, especially in their legs.

Prebiotics and probiotics

Support digestive and immune health.

Mini-pellets

Smaller size is easier for ducklings to eat.

FEEDING DIRECTIONS

Feed Purina® Duck Feed for at least 90 percent of the diet. If birds in the flock are laying eggs, supplement with Purina® Oyster Shell.

Ducks intended for meat production may be fed Purina® Duck Feed free-choice as the sole ration from hatch to market weight.

GUARANTEED ANALYSIS

Crude Protein (Min)	19.00%	Calcium (Ca), (Max)	1.25%
Lysine (Min)	1.10%	Phosphorus (P), (Min)	0.50%
