CONTAINS NEW

POWER NUGGET™

supplement to help support
deer's nutritional requirement

3003250-612

NET WT. 20 LB (9.07 KG)

NEW

WHAT IT IS:

A highly-palatable, easy-to-use 20-pound premium block supplement for attracting and maintaining deer. Now containing the new Purina® Power Nugget™ supplement, new and improved Premium Deer Block provides more balanced nutrition for deer than whole grains.

FEATURES AND BENEFITS:

- **New Power Nugget™ Supplement** – Helps support deer's nutritional requirement
- **Optimized Formulation** – Helps provide more nutrition than whole grains and maintains vigor during periods of poor or sparse natural forage
- **Proprietary flavor** – Secret flavoring that attracts deer
- **Highly palatable** – Helps ensure strong consumption and keeps deer coming back
- **Easy to use** – Simple to set up in the area you want to attract and feed deer; No feeder required; Convenient carrying handle provides for easy transport
- **Long lasting** – Economical choice to attract deer year-round

HOW AND WHEN TO FEED:

New and improved Purina® Premium Deer Block can be fed free-choice with access to native forage or good quality hay. Place the block in areas frequented by animals, taking care not to touch the block as the wrapper is being removed. When placing the block out for the first time, place small amounts of corn, apples or carrots around the block to attract deer. Place close to a constant supply of fresh, clean water. Consumption will vary with deer density, season and availability of native forage.

CAUTION:

This feed contains added Copper and should not be fed to sheep. Not a complete feed. Do not place block on grass or lawn. Block may kill grass before it is completely consumed. Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death.

NOTICE:

Regulations for the feeding of game animals vary from state to state. Check with your State Game and Fish Department or the Department of Natural Resources for guidelines on the proper use of this product.
