# PREMIUM WILD LIFE BLOCK

SUPPLEMENT FOR FEEDING BACKYARD WILDLIFE

CONTAINS NEW

## POWER NUGGET™

supplement to help support the natural forage of wildlife

3003253-612

NET WT. 20 LB (9.07 KG)

### WHAT IT IS:

A highly-palatable, easy-to-use 20-pound premium block supplement for attracting and maintaining squirrels, chipmunks, rabbits, wild birds and other wildlife. Now containing the new Purina® Power Nugget™ supplement, new and improved Premium Wildlife Block provides more balanced nutrition for wildlife than whole grains.

### FEATURES AND BENEFITS:

- **New Power Nugget™ Supplement** – Helps support the natural forage of wildlife
- **High quality seeds and optimized formula** – Helps provide more complete nutrition than whole grains and a high-quality food source to help survive tough winters
- **Contains Peanuts** – Helps draw squirrels away from bird feeders
- **Highly palatable** – Helps ensure strong consumption and keeps wildlife coming back
- **Easy to use** – Simple to set up in the area you want to attract and feed wildlife; No feeder required; Convenient carrying handle provides for easy transport
- **Long lasting** – Economical choice to attract wildlife year-round

### HOW AND WHEN TO FEED:

New and improved Purina® Premium Wildlife Block supports the natural diets of many wildlife species including deer, squirrels, rabbits, chipmunks, wild birds and other wildlife. Remove the plastic shrink-wrap and place block under tree shelter or in a garden within the normal range of wildlife and close to a constant supply of fresh, clean water. Designed to support wildlife and help regulate consumption of Purina® Premium Wildlife Block according to the season of the year, nutritional needs of the animals and the availability of other foods.

A feeding program is only as effective as the management practices followed and should only be used in combination with good conservation practices.

### CAUTION:

Not a complete feed. Do not place block on grass or lawn. Block may kill grass before it is completely consumed. Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death.

### NOTICE:

Regulations for the feeding of game animals vary from state to state. Check with your State Game and Fish Department or the Department of Natural Resources for guidelines on the proper use of this product.
